Sealing and maintenance solutions for all types of stone, porcelain, quarry, terracotta and glazed ceramic

MOULDEX TECHNICAL DATA SHEET REF: 25/5

LTP MOULDEX

Grout Cleaner

KILLS & REMOVES MOULD SPORES, FUNGUS, ALGAE & MOSS FROM GROUTING INCLUDING THE SURFACE OF SILICONE SEALS & OTHER DAMP PLACES. ANTI-BACTERIAL ACTION HELPS PREVENT RE-GROWTH.

Formulated to cling to surfaces and remove mould spores, fungus, algae and moss from grouting, the surface of silicone seals and other damp places. Antibacterial properties help to prevent re-growth. Ideal for bathrooms and kitchens. Suitable for inside and outside use. Bleaching action helps restore white grouting to its original colour.

Directions for use:

SHAKE WELL BEFORE USE. This product contains bleaching action, if in doubt try on an inconspicuous area before general application. Surfaces to be treated should be completely dry before application. Hold upright and spray 5-10 cm from surface. Leave for 45 minutes. Apply a little water and agitate with a stiff brush to release dirt and grime. Rinse thoroughly using a sponge and water.

Stubborn stains and most silicones or elastic grouting will require a longer treatment, in which case apply and leave on surfaces overnight. In case of contact with metals, fabrics and painted surfaces rinse with water immediately.

Do not use with acid based residual grout removers or other acid based cleaners.

Can be used on natural stone and coloured grouting, however always test on an inconspicuous area before general application.

Health & Safety:

Store locked up. Keep out of reach of children.
Wash contaminated skin thoroughly after handling.
IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do. Continue rinsing.
Protect from sunlight. Do not expose to temperatures exceeding 50C/122F
Dispose of contents/container in accordance with local regulations.
Contact with acids liberates toxic gas
Warning! Do not use together with other products. May release dangerous gases (chlorine).

Coverage:

5-15 m2 depending on size of tile.

Storage information:

Store upright in a cool dry place

Shelf life: Use within 6 months of purchase for optimum results.

Notes:

Important: FOOD ESTABLISHMENTS - Equipment and surfaces subjected to direct food contact must be thoroughly rinsed with potable water after cleaning with this product. Avoid contamination of food during use. Do not store in food processing or food storage area.

CONTAINS

Less than 5% anionic surfactant
